Greetings

I'm writing this as a letter of reference for Michael Paul, founder of "Salvation For Muslims" Ministry. Michael Paul came to our Church to give his testimony on April 14th of this year. His testimony is an amazing story of Salvation in Christ through persecution and torture. Michael Paul accepted Christ as his Savior as a young man living with his wealthy Muslim family. He went from highly favored youngest son to being disowned by his family and friends. He suffered torture, persecution and isolation for many months before, through God's Grace, he was able to come to America. Michael Paul humbly shares his story; always remembering to give all the glory to God. His primary message is Love. As Christians we need to share the love of Jesus with Muslims. This is a very timely message of Love and not of hate and fear.

I most highly recommend that you invite Michael Paul to come speak at your Church or event. This is a message that I believe all American Christians should hear.
